DR. ERNEST E. CHURCH

PRESIDENT
OF
POTOMAC STATE COLLEGE
1936-1964

DEDICATION

Rarely does there appear upon the academic horizon a man of the caliber to whom we dedicate this book. He has been known as president, prexy, Ernie, Red, educator, administrator, civic devotee, religious leader, brilliant speaker, delightful conversationalist, interested listener, considerate counselor, inspirational leader, tireless worker, and friend to his colleagues. Proudly he has served the Presbyterian Church, Rotary, Boy Scouts, the Chamber of Commerce, Masons, Shrine, United Fund, and many educational institutions. For a score and eight years he wore the mantle of President of Potomac State College, and he gave the full measure of his deep devotion and boundless energy to the betterment of his college. Among his attributes was a concern for the individual—student, teacher, or parent. The faculty readily found inspiration and counsel in him; the hesitant freshman and diffident sophomore welcomed his assistance; and mothers and dads entrusted their children to his tutelage. Without any reservations, he served his community, state, and nation with unstinted energy and enthusiasm. He lives in the hearts of those who were privileged to

know him; he wrought well; his impressions on our campus will be lasting.

Without any doubt, the scholar and gentleman, to whom this book is dedicated, will never be forgotten as long as Potomac State College exists. His hand was on the shaping of most of the campus buildings. His mind remains in the workings of our class offerings. His spirit is present in our worthy traditions and philosophies. In truth, our debt to him cannot be overestimated. He will forever live in the hearts of alumni and faculty who have known and loved him.

The 1965 graduating class is the last group of students to enroll here when this eminent educator was President. It is only fitting then that we; the faculty, students, administrators, all other employees, and the staff of the 1965 *Catamount* dedicate this book to Dr. Ernest Elliott Church with heartfelt gratitude, sincere affection, and our best wishes that God spare him for many years in good health and the happiness he so richly deserves. God speed, President Church, we do not consider you the man of the year, but the **MAN OF THE YEARS** as far as Potomac State College is concerned.

GROUND IS BROKEN BY PRESIDENT CHURCH FOR FRIEND HALL.

Foreword

The theme this year, "Doorways to Learning", is only suggestive. It is for the reader, when leafing through these pages, to recognize the keys that will unlock the door of memory to reveal the events that were important to him. The classes that were enjoyable, the activities on campus, the parties, the dances, the card games in the Studen Union. The happy memories, the ones he would like to forget; but, which never can be completely erased from the mind. It is not primarily for today, but for tomorrow, that the **Catamount** was written.

in the
College Gymnasium

THE PRESIDENT'S MESSAGE

Commencement speakers are fond of alluding to high school or college graduation as a doorway to life, the implication being that the "real" world and meaningful experience lie ahead. But this is not necessarily the case. In your triumphs and failures in the classroom, in your relations with other students, and in your attempts to cope with the increasingly rigorous demands of college life, you have been exposed to many of the same pressures and joys that await you beyond the college campus.

In addition, Potomac State College has made available to you the basic insights and fundamental knowledge upon which useful and happy lives depend. You have passed beyond the doorway of learning and may now continue the exciting process of intellectual enrichment and development. The total resources of the college have been pledged to this end. We know that this effort has not been wasted and that we shall hear good things of you in the years ahead.

MR. DAVID G. NUZUM
Director of

Student Affairs

Each student knocks on college portals, seeking rights and privileges of study and mental development. The path of learning is viewed through the arches of curiosity, self-discipline, and persistence. Perspective is brought into focus as vistas of study are revealed through the instructor's love of his subject. Scholarship and mental excellence are magnets that draw the neophyte forward, beyond the entranceway. The spectrum of opportunity for study-in-depth replaces whim and bias. Reading, observation, and pondering data develop wisdom; the threshold of creative thought is crossed with confidence.

College archways to successful living beckon the youth. Once the joy of investigation is experienced, the individual quickens his pace. His first doorway of accomplishment is his associate of arts degree from Potomac State College. Awaiting him are Bachelor, Master, and Doctoral Limens.

The theme of Doorways to Learning prompts a mental picture symbolic of a continuous and challenging educational experience. Many doorways appear in the vision leading to corridors where knowledge, skill, and understanding are the guide posts.

The opening of these doors is not always easy. There are the keys of personal desire and personal responsibility. There are the keys of effort and enthusiasm, of perseverance and endurance. All these are helpful for entrance to the vast and complex experience of learning.

It is hoped your doors will lead into areas of knowledge and understanding which will help you to enjoy an enriched personal life and to be a successful citizen.

These words of wisdom have been an inspiration in the search for truth and knowledge:

Ask, and it will be given you; seek, and you will find; knock, and it will be opened to you. For everyone who asks receives, and he who seeks finds, and to him who knocks it will be opened.

FEATURES

Freshman Week

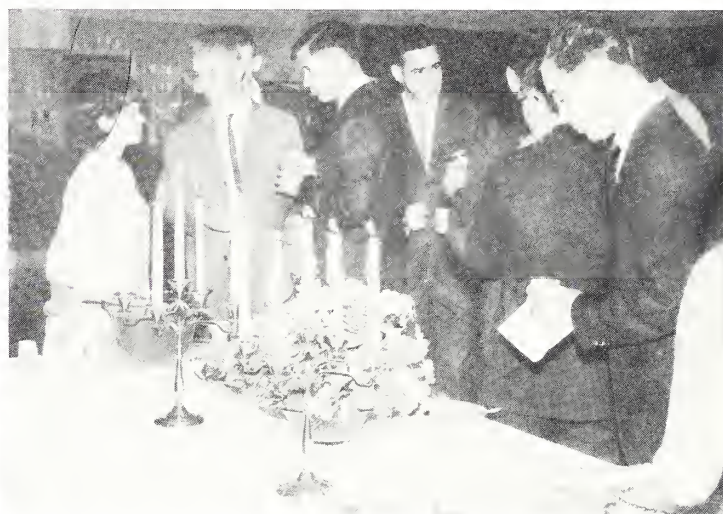

"Good-bye Mom, Dad! Please write soon." Thus begins Freshman Week. It is a hectic round of parties, meeting at 7:30 a.m., conferences and tours of the campus and surrounding area. It is learning how to put names and faces together properly. If your roommate is from the same hometown as you, it is not too bad. But, if you are both from different areas, then you must start there to become acquainted. Soon, one begins to recognize faces on campus and in classrooms. You know who in the dorm is your size and will lend you their clothes. Then, all of a sudden you realize that college is fun.

Homecoming

Football, mums, the dance—these are the thoughts that pass through the minds of the students when Homecoming Day approaches. Girls wonder if their black dresses are appropriate. The boys wonder if the girl of their dreams has already been spoken for, or if she is patiently waiting for his call. If the DSA will allow them to go home for the car and how long will he allow it to be kept on campus. The day of the election for Miss Catamount is exciting. Who will Win? Then, all at once the big day is here. The game, the caping of Miss Catamount, and to finish the day, the Homecoming Dance.

Spiritual Emphasis Seminars Present

Rev. Gallagher Discusses "Conformity in Individual Behavior."

Discussion on "Conformity in Personal Relationships" Led by Rev. Henry

Discussions On "Dimensions Of Conformity"

The Spiritual Emphasis program is held each year to help focus student attention upon religious and ethical beliefs and practices, and it is hoped this program will contribute to the development of meaningful student views of religion and ethics.

Special attention has been given to discussion rather than formal lectures as was the custom in the past. The program is concerned with individual student problems; the problems that students find in everyday campus activity. It is felt these discussions will stimulate an interest in the seminars, and the students are urged to take part in these group discussions.

The general theme of this year's program was "Dimensions of Conformity," and the different discussants dealt with the following aspects of the theme: "Conformity in Individual Behavior," "Conformity in Personal Relationships," and "Conformity in Ideas."

Rabbi Schwartz Discusses "Conformity in Ideas"

Informal Discussion in Student Union

Our Student Union

The newly remodeled Student Union, opened March, 1964, really got a "work out" from both students and faculty members.

The main purpose of this Student Union is to offer food services and various activities primarily for relaxation. Some of these are shooting the breeze, bridge games, doing homework, and finding out the latest class assignments.

The new Student Union provides the following facilities: food area where varieties of sandwiches and soft drinks are sold; a television room; a writing room and study area; a juke box offering popular music; pinball machines; pool tables; billiard table, ping pong tables; and cards, checkers and chess are available to play games.

Dixie Counts Off the Days

Even the Girls Play Pool Now

Library Informals

Relaxing in Periodical Room

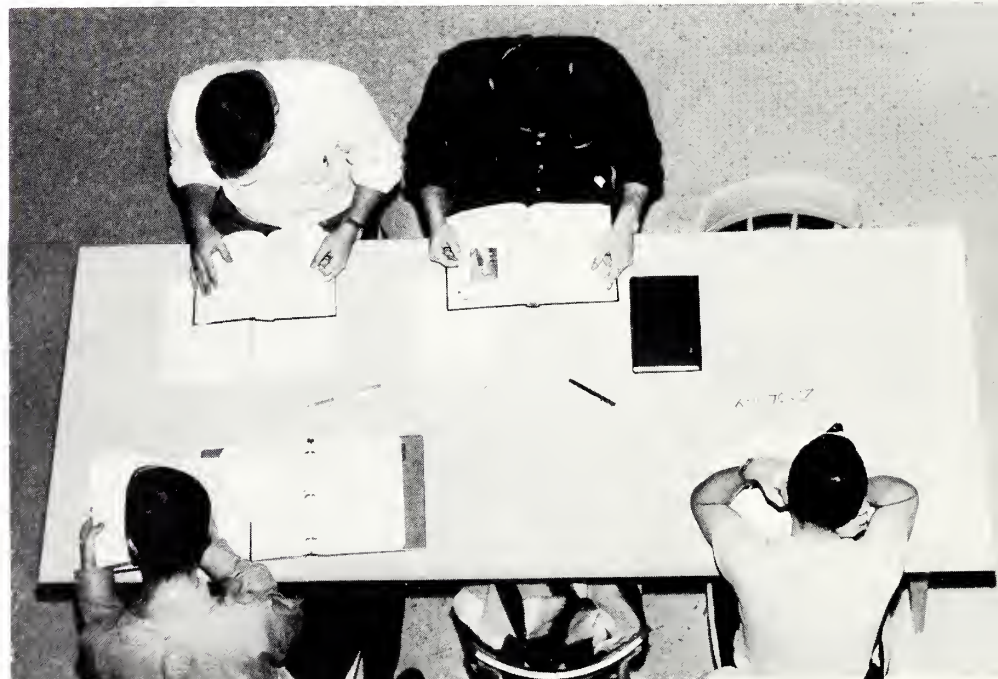

One of the new edifices on campus is the library. Alone, it stands ready for use by the students. Constant, it remains a vigil over the spirit of academic inquiry.

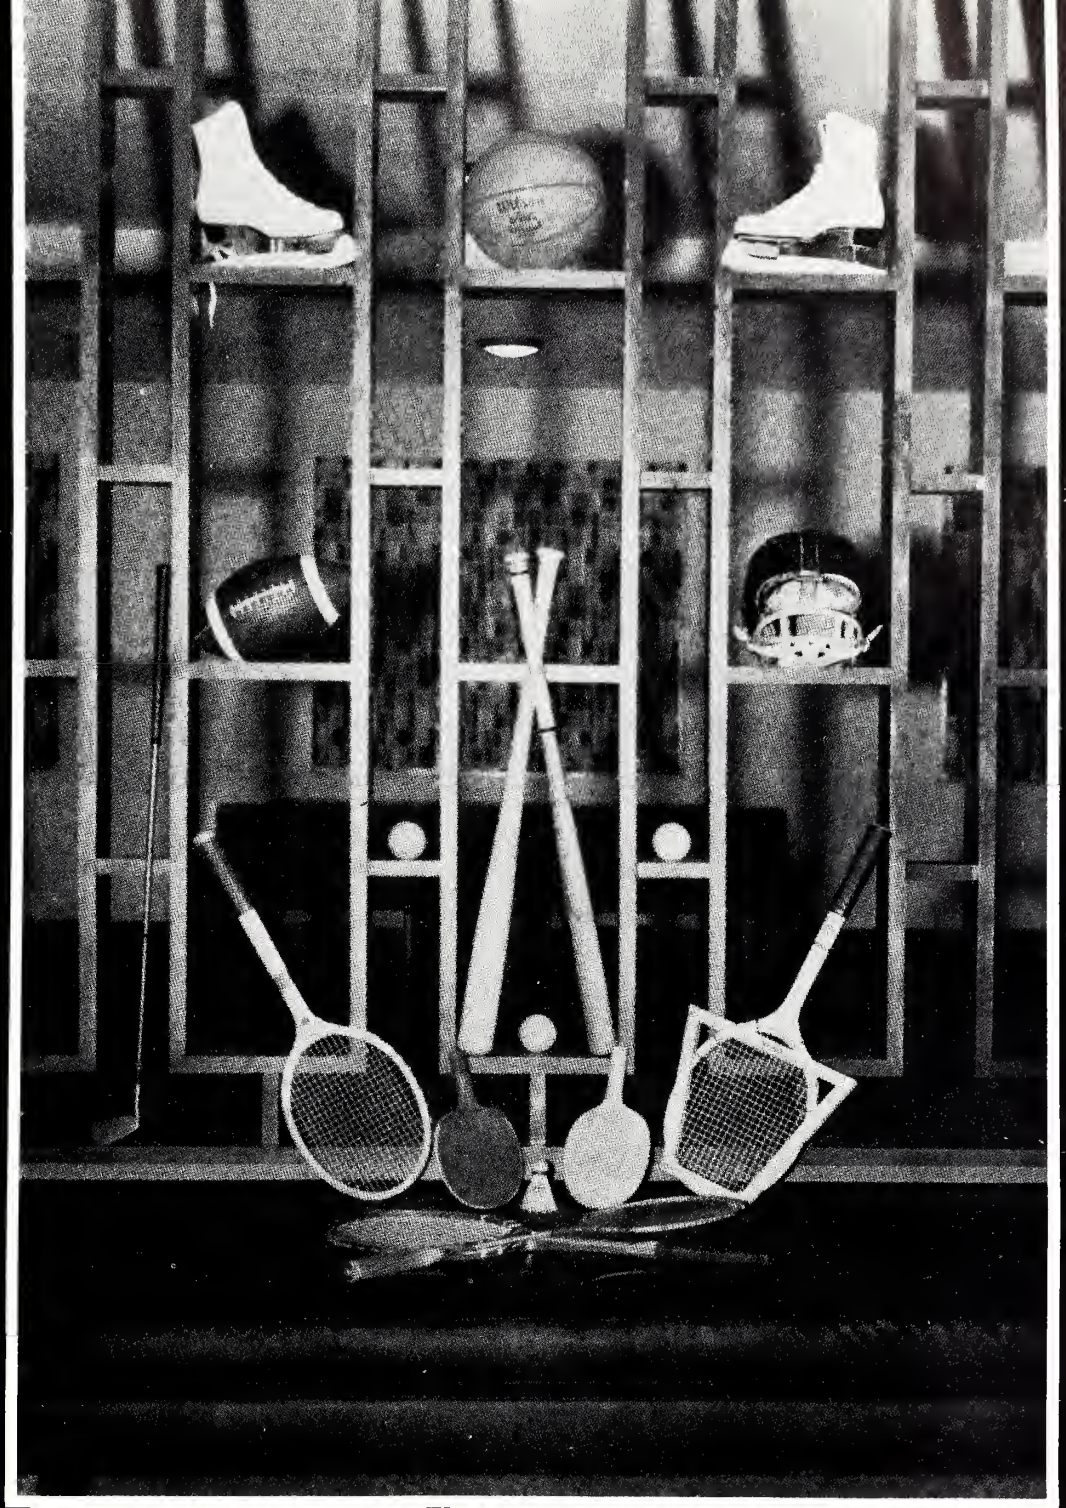

Studying is a good habit to practice, and what better place is there to study than the library? It always offers unlimited opportunities for improving and increasing our knowledge, even though an occasional "Sh-h-h!" is heard.

If a student needs material for art; examples for literary criticism; if he wants to read his hometown newspaper; look up information for history reports; gather essential facts for sociology term papers; check maps for geography class; gather a bibliography for a research paper, together with substantiating facts for same, there is only one source—the library.

Getting Books

ATHLETICS

Potomac State Catamounts Football 1965 Season

"Hurrah! Rehe got it!"

Coach Dana G. Lough's Catamounts compiles a 2-5-1 slate in their 1964 football season as the Cats were victorious only over Wesley College and their arch rivals, the Frostburg State College Bobcats.

The Catamounts opened their 1964 season by hosting Bainbridge Naval Academy at Stayman Field. For the second successive year adverse weather hampered the Middies-Cats opening game and the two teams battled to a 0-0 tie.

The Loughmen were hosted by the Braves of Chowan College in Murfreesboro, N. C. for their second game of the season. The Cats found themselves on the wrong side of a 32-6 score as the Braves scalped the Loughmen for their first loss of the season.

In their third game of the season, the Cats met their traditional rivals, the Shepherd College Rams, on the Cat's home field. The Rams displayed an awesome running attack to complement their strong defensive which held the Loughmen scoreless as Shepherd thoroughly trounced the Cats 25-0.

The Loughmen were delt their fourth set back of the season 26-6 at the hands of Ferrum College. The Cats won their first and only game of the season last year against Ferrum 20-0, but any hopes of repeating last seasons win here were

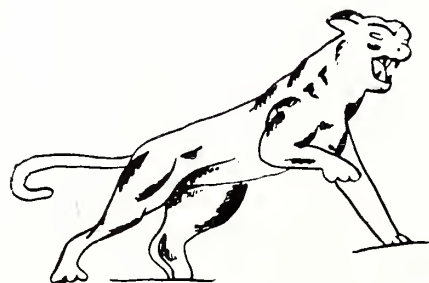

quenched as the Virginians drubbed the Catamounts 26-6.

The Cats still looking for their first victory of the season, played Montgomery Junior College in Potomac State's homecoming game Oct. 17. The game was played on a sloppy field and under rainy skies and a powerful Montgomery squad left the field at the sound of the final gun with a 21-6 victory.

Wesley College hosted the PSC gridders at Dover, Del. for a Saturday night under-the-lights contest for their sixth game of the season. The Cats dominated the play throughout most of the game and avenged last years homecoming loss to the Wolverines and charged to a 13 - 0 victory and their first win of the season.

Facing another major rival, the Frostburg State College Bobcats, the Loughmen, carrying the momentum from the Wesley victory, played the best game of the season and extending their winning streak to two games as they downed the Bobcats by a 21-13 margin.

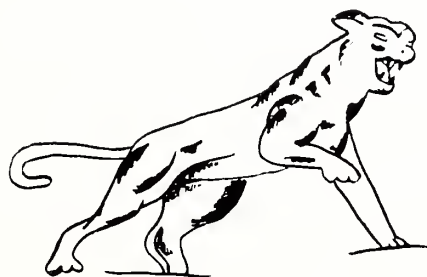

In the Cats last game of the season, Baltimore Junior College ruined Coach Lough's hopes of ending the season with a three-game winning streak as the Cats fell in their final encounter of the season by a 19-6 score at Stayman Field.

1964-1965 Basketball Season

Coach Dana G. Lough's Catamounts started this year's basketball season with practically an entire freshman squad. Two sophomore men remained from last year's team. The two mentors are Mickey Lantz and Larry Pingley.

The Cats got the season off to a bad start by losing to York Junior College on the local hardwoods in their first game. The final score was 98-74. With one game past the boards, the Cats traveled to Johnstown Junior College where they were dealt their second loss of the season, 115-91. In their third game of the season, the Loughmen journeyed to Altoona, Pa., and dropped their third consecutive contest of the campaign, 79-65.

The Trojans of Allegheny Community College ended the Catamounts first road trip as they dropped the Loughmen 98-68. In their second home game of the season, the Cats were dealt their fifth loss by Prince George College. The visitors eked out a 69-65 come-from-behind victory. The Cats hosted Robert Morris College of Pittsburgh, Pa., the following night, but the hard playing and rugged visitors hammered away to gain an impressive 71-47 triumph.

The Potomac State Loughmen hosted the Frostburg Bobcats in their seventh game of the season and were defeated 82-71. The Cats arch-rivals handily avenged their twin losses of last year at the hands of the Catamounts.

With a 0-7 slate, the Cats won their first game of the season against Charles College from LaPlata, Md. The Cats romped to an 82-62 victory on their own court. Coming off their first victory of the season, the Catamounts romped to an impressive 82-65 victory over the visiting Harford Junior College team. The Loughmen continued to make a comeback from their seven game losing streak by trouncing Essex Junior College 81-76 at Cumberland, Md.

The Catamounts netted disaster again when the Bainbridge Naval Academy handed the Loughmen a 79-64 loss on the opponents court. The Frostburg Bobcats hosted the Cats in their second feud of the season, thumping them 79-64.

The Loughmen avenged their early season's defeat at the hands of the Altoona College by trouncing them 87-80 on the locals court. Allegheny Community College gained it's seventh victory in a row by defeating the Cats at the PSC gym.

York Junior College repeated its opening seasons performance against the Loughmen by trouncing them again 123-85, in an away encounter on February 5. The Catamounts were dealt another loss the following evening by Montgomery Junior College 120-99.

Shepherd College welcomed the visiting Catamounts for a hard-court encounter on February 9 and impolitely clobbered the visitors for a 140-84 romp. Hagerstown College tromped the Cats in the twentieth game of the season on the local hardwoods.

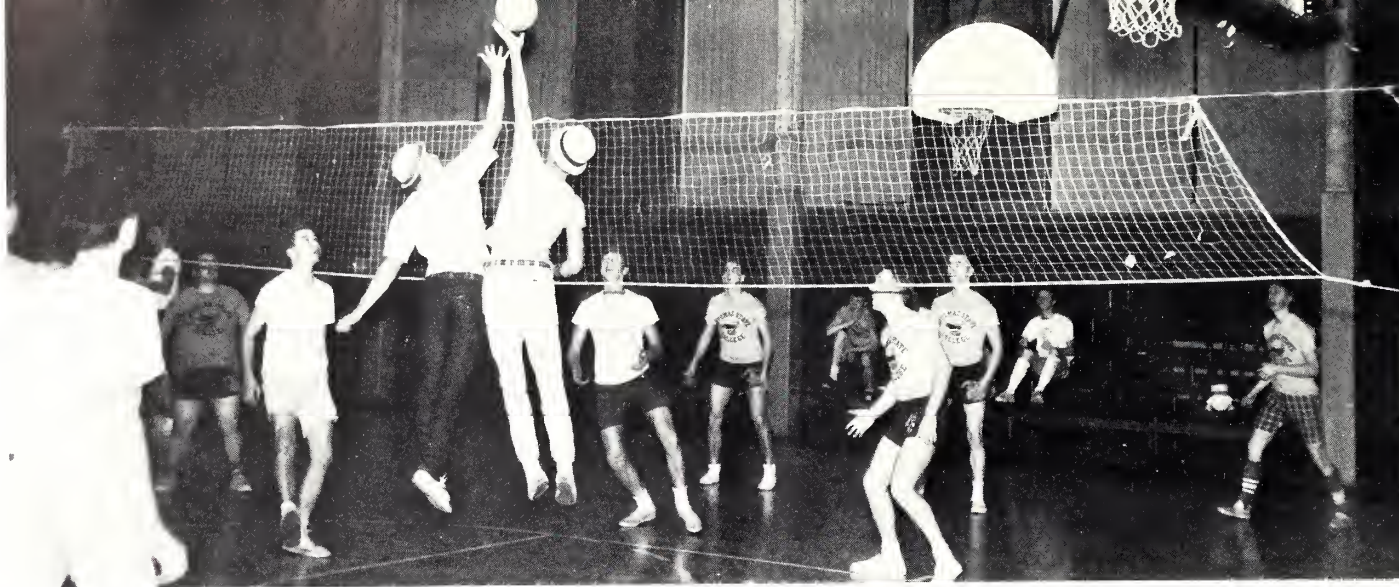

The PSC Catamounts displayed a seldom seen onslaught February 13 as they mauled St. Mary's College from the beginning tap, 115-49. The Cats failed to continue their winning ways as they lost to the Shenandoah College ball club, 98-85.

The Loughmen traveled to Baltimore College for their twenty-second game of the season. The Marylanders defeated the PSC quintet 84-81. On the same road trip, the Cats defeated Catonsville College 98-88 before returning home.

The Cats closed the curtains on its 1964-65 basketball season with an 82-81 decision over Johnstown College on the PSC hardwood.

The Staters did not compete in the annual Tri-State Tournament, having failed to qualify with a 5-7 league record.

ORGANIZATIONS

Student Council

The Student Council, this year renamed the Student Legislature, strives to encourage college spirit and better relationships between students and faculty. It also regulates many of the campus activities.

Each year the Legislature provides guides to welcome and assist the incoming freshmen. After registration, members helped with the sale of "beanies" and circulated Freshman Rules established by them for this year. A "get acquainted" dance was held as a welcome to the Freshman Class and sponsored by the Sophomores. In return, the Freshmen planned a "farewell" dance in May to honor the departing Sophomores.

The Legislature sponsored Homecoming activities, including preparations for the dance and plans for the parade. As a fund-raising project, Legislature members were responsible for the sale of programs at the home football games. In the fall, the Legisla-

Legislative Meeting

ture promoted movies which were sponsored by various campus organizations. As a spring activity, the Legislature sponsored the May Queen election and dance, under the direction of the Elections Committee.

On December 12, two members of the Legislature attended the West Virginia Federation of Collegiate Student Governments, with the purpose to attain knowledge of benefit to our government.

The greatest endeavor of the Legislature this year was the final drafting of a constitution. With the adoption of this constitution, an active committee will be created. This is the Student Social Committee, which will be responsible for the student entertainment on campus throughout the coming year.

The student body and the faculty look to the Student Legislature for authority, understanding, and leadership.

The members of the Student Legislature are:
Rodger Parsons—President, Student Body.

Catamount—Our College Yearbook

Every year the Catamount staff does its best to present a volume of words and pictures that represent **your** years on campus. This twenty-seventh edition of your yearbook is no exception.

At the beginning of each year, the yearbook staff is selected; the individual photographs of students are snapped by Jeff; campus views are taken; group pictures representing the various organizations and activities are planned and taken; a potential dummy is made out; the editor, photographer, and business manager pursue their individual tasks to insure the hopes of bringing forth a yearbook you will,

indeed, thoroughly enjoy.

Our staff this year presents "Doorways to Learning" in which the pictorial and written images of your days on campus have been permanently captured. We present glimpses through campus doorways, peeks into classrooms, informal candids and extracurricular activities. Open the pages of this edition of the Catamount as you would doorways, and remember, the staff hopes you enjoy the memories you see within these pages **now**, and **in the years to come**.

Editorial Staff on Deadline Night

The *Pasquino*, the college newspaper, dates from 1921, the year this institution became a junior college. Its name derives from an ancient Greek marble statue, still visible near the Piazza Navona in Rome, found under the street in front of the home of a hunchbacked tailor named Pasquino and named for this man whom the Romans feared and respected for his biting but amusing sarcasm. The statue became a kind of notice board for the posting of sharp commentaries on life in the period just following Pasquino's death, about 100 A.D. The Italians referred to these lampoons as *pasquinate*; in English, *pasquinades*.

Potomac State's *Pasquino* is a fortnightly publication whose 2,200 press run provides news of the

campus for students, faculty staff, parents, alumni, and others.

All journalism majors and those in journalism classes are automatically members of the staff, but non-journalism students are also welcome to the staff as writers or assistants in advertising and circulation. Journalism majors have the advantage of experience in page makeup when the paper is printed at the Mineral Daily *News-Tribune*.

A special project of the campus newspaper is the annual distribution of the Student-Faculty Directory. The entire staff enjoy an annual Press Banquet, where the guest speaker is one prominent in the communication media.

Circle K

The Circle K Club of Potomac State College is a campus organization of which to be proud. This is a service organization dedicated to the ideal of service to the college, and the community of Keyser. The club was established in 1952 and was issued Certificate number Six when Circle K became an International Organization. The club is made up of young men of good character and scholastic standing, who work in service for others. The only return being the thanks and appreciation that comes forth from this work.

The club has always been very active with the major projects this year, being: Assisting with basketball and football games, assisting with Parents Day, sponsoring the annual Homecoming Parade, bringing the Blood Mobile to the campus, making up and delivering "Survival Kits" to students during examinations, projects to beautify the campus, and other similar projects. The local Circle K Club had the honor of being selected the "Club of the Month" during December 1964, by Circle K International.

Agriculture Club

The Agricluture Club was organized October 11, 1954, for the purpose of stimulating and bringing about a closer academic and social relationship between students majoring in the various phases of agriculture.

The Agriculture Club in conjunction with the Home Economics Club perform various activities throughout the year, such as the annual trip, parliamentary procedure demonstration, and Home-Ec. and Agriculture Club party.

One of the major accomplishments was the winning of the Homecoming float for the second consecutive year.

As one of its objectives, the Agriculture Club sponsors an annual turkey shoot to stimulate campus activity.

Membership in the club is open to students majoring in Agriculture Education, General Agriculture, Veterinary Science, and Forestry.

Engineers Club

The Engineers Club, lending a professional atmosphere to the academic life of engineers on the campus, has been in existence since 1932. Freshman engineers become members as part of their engineering orientation program, and are urged to continue their membership during their Sophomore year. The main purpose of the organization is to

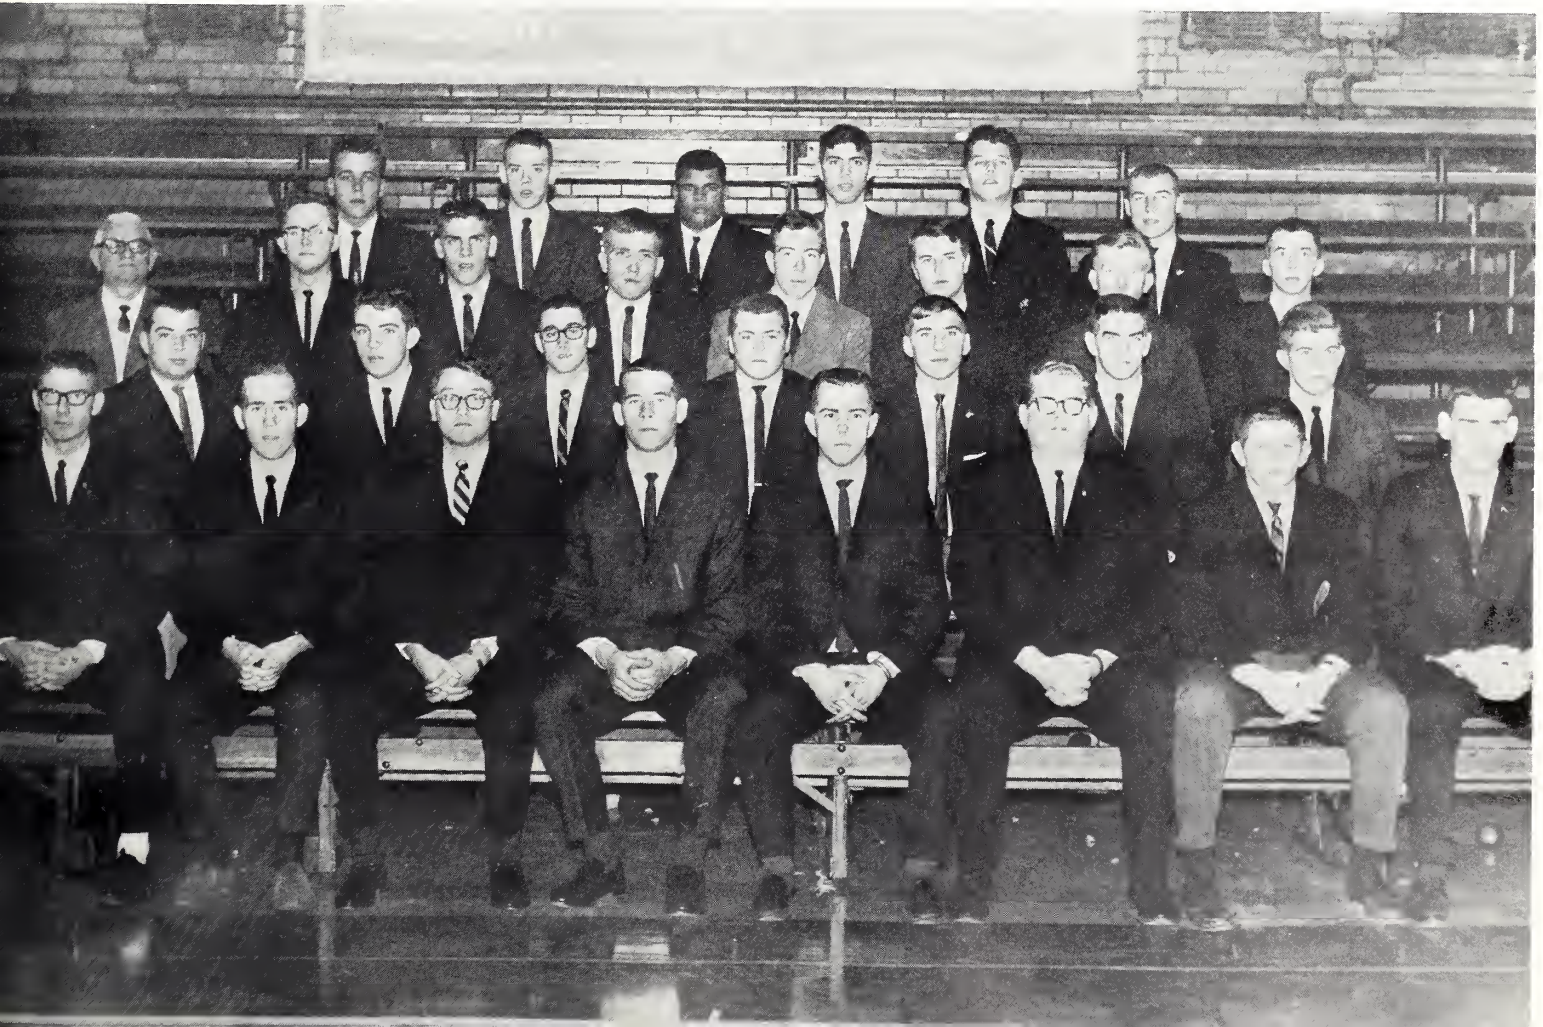

make the student engineer aware of the professional aspects of engineering. This is accomplished throughout the college year by inviting practicing engineers to give talks at meetings, the showing of industrial films, and taking trips to industrial plants in the area.

The Potomac State College Chapter of the College Section of the West Virginia and American Home Economics Association has as its guide the creed established by Ellen H. Richards, who was founder of Home Economics. Mrs. Richard's Creed states that: "The ideal home life for today unhampered by the traditions of the past. The utilization of all the resources of modern science to improve the home life. The freedom of the home from the dominance of things and their due subordination to ideals. The simplicity in material surroundings which will most free the spirit for the more important and permanent interests of the home and of society."

As one of the most active groups on campus, the Home Economics Chapter participates in many campus events; selling mums for homecoming, giving a Christmas party for selected children of Keyser Elementary School, participating in the spring conference at Jackson's Mill, and taking an annual trip with the Agriculture Club.

This year Kathryn Ridder is serving as treasurer of the College Chapter Section of the West Virginia Home Economics Association. Susan Johnson is a member of the Executive Council of this group.

The Christian Youth Fellowship was organized on Potomac State campus in 1949. This organization strives "to bring Christian youth of Potomac State College into closer contact with the church and to deepen their devotional life through recreation and fellowship." Constructive programs, some dealing with moral issues are customs of the different denominations, are presented by the various members at the meetings which are held at the recreation room of Friend Hall each Monday evening. Mr. W. Earl Michael serves as faculty advisor at the meet-

ings. He is assisted by Rev. Jeffrey, the representative of the local ministerial association.

The Christian Youth Fellowship entered a float in the Homecoming parade, designed Thanksgiving and Christmas displays for show case in the Student Center, decorated a Christmas tree on campus, co-sponsored Spiritual Emphasis Seminars, conducted Pre-Easter Communion and Pre-Easter worship services for Protestant students, and earned money by selling candy.

The Newman Club is a national Catholic organization founded for the purpose of fostering the spiritual, intellectual, and social interests of Catholic students in secular institutions. It is also the purpose of the club to promote lifelong friendships among students of the same faith, who find it necessary to exchange religious beliefs at this critical period in their lives. The Newman Club at Potomac State is small but dedicated, and feels that it is their duty to set a good example of the Christian life on the campus.

At the two monthly meetings, talks on religious subjects or problems facing the students are given

serious consideration and are discussed by the club. We believe that by the open discussion of problems, the students obtain a more mature and modern way of dealing with them.

Probably the club's greatest achievement this year was the Thanksgiving Clothing Drive in November, when members collected used clothing to be shipped overseas to needy, and underprivileged people. This was their small way of helping with one of the world problems that they expect to face when they leave this institution and go out into the world to put to use all they have learned.

Reynolds Hall

The Women's Residence Association, which was established on December 7, 1944, is comprised of the women living in Reynolds and Friend Halls. As the governing body working with the two hall councils, the organization assists in the co-ordination of the living standards in the dormitories. The encouragement of friendly relations and the sponsoring of the social activities for the residence halls

are the responsibility of the association. The organization endeavors to emphasize the cultural aspects of college life. One objective is that of presenting reproductions of masterpieces for the lounges of the women's dormitories. The W. R. A. was represented in the Homecoming Parade, and sponsored Christmas parties in both Reynolds Hall and Friend Hall.

Women's Athletic Association

The shouts heard in the gymnasium on Wednesday nights are not those of fans enjoying an exciting game of basketball, but only external signs of young to show joy about participating in one of their favorite sports. This sport might be volleyball, badminton, tennis, basketball, soccer, or any other one that caught the fancy of a member of the Women's Athletic Association.

The Women's Athletic Association of Potomac State College was organized to promote feelings of good will among the young women of the college and to help them to relax when needed. The W.A.A. made artificial corsages for the Parents' Day celebration. This project was a great success.

At regulation meetings the members usually played volleyball, but a few times basketball got the vote of the young women. Bowling parties were organized and the participants hiked to the Potomac Valley Lanes for an afternoon of fun and point gaining. With two hundred and fifty points a young woman receives an emblem on Recognition Day at the end of the spring semester. Five hundred points warrants a school sweater. The ability to be a leader and to possess sportsmanship is the goal that this club hopes to attain for each of its members. Miss Margaret E. Rafter, gymnastic instructor, is the sponsor of W.A.A. and any female member of the college is welcome to come for an evening of intense physical activity.

The Omni-Sci Club was reorganized again this year. This club is open to all students interested in the various fields of science. At the bi-monthly meetings, programs of current scientific interest are presented by guest speakers and members of the club. The object of the club is to further students' interests in all phases of science at Potomac

State College, and to encourage student participation in scientific research.

The club has been affiliated with the West Virginia Academy of Science Club since 1948, and delegates from the club attend the annual state meeting of this organization held in the spring.

The Players, organized in 1919 at Potomac State College, holds the distinction of being the oldest cultural organization on campus. The primary interest of this club is to provide students with training in any phase of the theatre, from acting to set construction, lighting techniques and the art of stage make-up.

This year three one-act plays "Red Carnations", "Impromptu", and "The American Dream" were presented in early December. A morality "The Summons" was given in February. The major production of the year "Hedda Gabler" was presented in March. The final presentation of the year was a

Lollipop Theatre. These productions were presented in The Downstairs Theatre which was made from the old auditorium in the Administration Building. The theatre will seat approximately seventy-five people. In the theatre, one can view an exhibit of placards from Broadway shows and autographed pictures sent to the Players Club from prominent Broadway stars.

Potomac State supports a local chapter, Cast No. 110, Delta Psi Omega, the national dramatics honorary society. The members currently enrolled are Ada Bowyer, Rodger Parsons, and Bart Rogers.

Potomac State Singers

The Potomac State Singers was organized in 1926 and since that time has been one of the most popular and active groups on campus. The Women's Chorus, the Men's Chorus and the Mixed Chorus constitute the singers. They participate in the more serious convocations of the college, including the annual Christmas convocation, Spiritual Emphasis Week, the Fine Arts Week-end, and a Music Festi-

val. Immensely popular are the spring tours to the various high schools of the area where the Singers join with the Stage Band in presenting assemblies for the schools.

As a climax to the year's activities, the Singers provide the vocal music for the College commencement exercises.

Potomac State Concert Band

The Potomac State College Concert Band is a credit course available to both men and women. Participation in the Concert Band enables students to continue their musical training. The Concert Band devotes its time to the study and performance of band literature of the highest quality.

The Concert Band, under the direction of Mr.

Charles Whitehill, presented a spring concert on the college campus and also participated in the Annual Spring Music Festival sponsored by the Keyser Kiwanis Club. The band also made a one day trip to high schools in the area to present concerts.

Concluding the concert season, the band played for the graduation exercises in May.

Potomac State Dance Band

The Potomac State College Dance Band, under the direction of Mr. Charles Whitehill, affords the members experience in the field of dance music. Membership in this credit course is open to any student by audition. In addition to the regular music available to dance bands, this group varies its sounds by using special arrangements by Mr. Whitehill, using small combos from the large group and by using vocalists. The Stage Band made several appearances

at school functions during the year such as the Parent's Day Convocation and the Recognition Day Program. This year the Stage Band presented a show on the campus utilizing campus talent as its annual spring concert. This group also appeared in the Annual Spring Music Festival and made appearances in several area high schools in conjunction with the Potomac State Singers.

Roth Military Honorary Society

ROTH Military Honorary Society was formed at Potomac State College in 1953 to represent the Reserve Officers Training Corp Unit of Potomac State College. The organization stands as being one of the most active organizations on the campus. The Society gets its name from Colonel Samuel Roth, Professor of Military Science at West Virginia in 1953, who was responsible for the establishment of the ROTC Unit at Potomac State College.

The objective of ROTH is to honor those outstanding ROTC students who have demonstrated qualities of leadership, proficiency and character and who maintain a high military and academic standing. To become a member of the organization, the student must attain a military science grade

of "B" or better and maintain an academic average grade of "C" or higher. The ROTH colors, red and white, are displayed by ROTH in the form of a ribbon and fourragere worn by all members as a part of their uniform.

The social activities sponsored by the Society are: The ROTC Rifle Team which engages in inter-collegiate competition, an annual banquet held in the fall, a float in the Homecoming Parade, a Spring Cookout, and the highlight of the college social calendar, the Military Ball. The Society is also responsible for the performance of ceremonial activities of military nature in connection with other activities at Potomac State College and also assists in ceremonies sponsored by many local organizations.

This Council is the governing body of the fraternities and the sororities and correlates their campus activities. The Council promotes good fellowship and cooperation among the Greek letter organizations, assists in maintaining *esprit de corps* and engenders within the student body high ideals of life, character and citizenship. One of the highest honors that a fraternity or sorority may bestow on one of their members is to elect them to be their representative on the Panhellenic Council.

Two representatives from each of the fraternities and the sororities on campus form the Panhellenic Council of Potomac State College. The Panhellenic Council meets on the first Monday of each month as prescribed by the group's constitution. Of primary responsibility of Panhellenic is to establish regulations and controls for Rush Week activities and fraternal participation in campus elections.

SIGMA PHI OMEGA was established as the Honor Society at Potomac State College in 1923. Its two-fold purpose then was to foster scholarship and campus citizenship, and that purpose has held firm through the years. It is a local fraternity with its own constitution, ritual, insignia, and traditions.

Each year Sigma Phi Omega makes certain contributions to the campus, notably the KNOW YOUR ORGANIZATIONS CONVOCATION for the freshmen early in the academic year, and the RECOGNITION DAY CONVOCATION for all students at its close. The first of these programs is designed to acquaint new students with the active campus

organizations, their history, objectives, and leaders. At Recognition Day, honor is bestowed upon individuals and groups whose scholarship and leadership achievements have been outstanding.

The formal initiation of new members and the banquet honoring all members and their parents are important activities of the society.

Members of Sigma Phi Omega recognize the honor and responsibility which membership entails, and they strive to uphold high standards of scholarship, to participate in campus activities, and to co-operate with the college at all times.

Gammas Present "Thunder Hill Singers"

Eta Upsilon Gamma

Eta Upsilon Gamma Sorority was founded at Christian College in Columbia, Missouri, in 1901. It is the oldest national junior college sorority in the National College Panhellenic. The aims of Eta Upsilon Gamma are to promote achievement, stimulate school spirit, and to broaden and enrich friendships.

The summer of 1964, Stella Barkman attended the National Convention of Eta Upsilon Gamma Sorority in Dallas, Texas, and returned with much news and many new ideas for the sorority. To begin the fall season, the Gammas presented "Gamma Goes Broadway", a musical parody, as a prelude to the annual rush party which ultimately brought the sorority 32 pledges. October, also, was the month for Homecoming activities, and Carol Mandigo served in the court of Miss Catamount as Maid of Honor. In November, Gail Onyun reigned as Queen of the Harvest Swing which was successfully presented jointly with Theta Sigma Chi Fraternity. At the same time, Mary Sue Drake was honored as the best Gamma Pledge. A Gamma sponsored Hootenanny was the highlight of the November activities. And in December all actives and pledges were guests at a Christmas party. Active participation in school government has always been a characteristic of Eta Upsilon Gamma, and this year was no exception. Kathy Carvey was Panhellenic Representative, Stella Barkman was Secretary-Treasurer of Panhellenic and Treasurer of the Sophomore Class, Carol Mandigo was Secretary of the Sophomore Class, Betty Church was President of the Women's Residence Association, with Lora Goehres as Secretary of the W.R.A., and Pam Surber was Vice President of the Freshman Class.

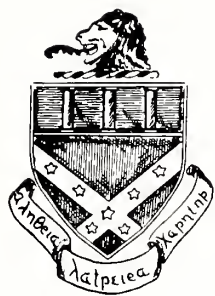

Proudly we mention further honors bestowed upon our Gamma sisters. Carol Mandigo was chosen Miss Eastern West Virginia and was ultimately Third Runner-up in the Miss West Virginia Contest. Five of the Catamount cheerleaders were Gammas. Kathy Carvey, Becky Burgess, Gail Onyun, Barbara Sultzer, and Mary Lou McGee served in this capacity. Betty Church and Suzy Shelton were R.O.T.C. sponsors. Susan Johnson was President and Beverly VanScoy was Treasurer of the Home Economics Club. Pat Brennan served as Vice President of the Women's Athletic. Scholastically, Pam Surber was designated as one of Potomac State's five Laureate Scholars.

Carol Mandigo
President

Theta's Present Crest to Student Union

Theta Sigma Chi

The Theta Sigma Club Chi Fraternity was founded at Potomac State College in 1922. The fraternity encourages better character, good fellowship, top scholarship, and better school spirit.

Theta Sigma Chi participates in many college events: conducting the election of Miss Catamount during the Homecoming weekend; sponsoring a float in the annual Homecoming Parade and the annual Harvest Swing, both in conjunction with their sister sorority, Eta Upsilon Gamma.

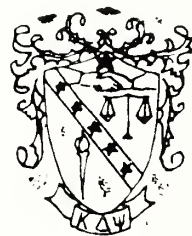

Theta Sigma Chi proudly points to the accomplishments of its members. Charles Arnold holds the position of Editor of the PASQUINO; Peter McFarlane is a member of the Student Union Governing Board; Terre Thoderick and Richard Cauffiel are Student Council Representatives; Robert Sekora is treasurer of Roth Military Honorary Society.

Theta Sigma Chi Fraternity was the first campus organization to place a crest of its coat of arms in the new Student Union.

Other fraternity functions included several informal parties, a rush party for the pledges and its annual spring picnic.

Kappa Delta Psi

Kappa Delta Psi is Potomac State's youngest sorority, having been founded on campus April 26, 1951. It has no national affiliations. The objectives of the sorority are to further scholarship, to promote high moral standards, to stimulate school spirit, and to develop a close feeling of friendship among its members and a loyalty for Potomac State College.

Last spring's activities ended with a picnic held jointly with our brother fraternity, Phi Kappa Omega, at Hampshire Park. Activities for 1964-65 began with a rush party in Davis Hall lounge followed by refreshments and a hootenanny in the college cafeteria. At Thanksgiving the sorority presented a meal ticket to a student at Keyser Elementary School. A party held at the home of Mrs. J. Clark Bright enlivened our Christmas spirit. Second semester brought new pledges, the annual Easter Ball, and several informal panel discussions with our brother fraternity. To finish the year, the freshman girls gave a banquet for their departing "big sisters," highlighted by the presentation of the "best pledge" award. A check was again presented to the Alumni Foundation Scholarship Fund.

Honors bestowed upon Kappa Delta Psi members include: Barbara Malone, Queen of the Easter Ball, 1963-64; Pamela Kuhn, Miss Catamount! Ann Johannesen, Managing Editor of the Pasquino.

MISS CATAMOUNT—Kappa Sponsored

Phi Kappa Omega

The Phi Kappa Omega fraternity was organized at Potomac State College in 1949, as the E. I. T. fraternity; in 1950 the Greek name Phi Kappa Omega was adopted. The fraternity's goal is to develop leadership qualities, build moral character, promote good scholarship, and instill in its members a fraternal spirit, thereby strengthening both the fraternity and Potomac State College.

The fraternity, in fulfilling its standards and purpose, won the plaque for the fraternity with the highest scholastic average on campus for the 1963-64 school year.

The members of Phi Kappa Omega are proud of the honors earned by their brothers during the school year of 1964-65. Brother Steve Blizzard held the office of Vice President of the Panhellenic Council. Brother Roger Smith served as Vice President of the Catamount Rifle Team. Brother James Flint was a member of Sigma Phi Omega honor fraternity.

Early in the year the fraternity held a hay ride for its members and members of the sister sorority. During the Homecoming weekend, we entered a float in the parade, and Miss Pamela Kuhn, the nominee sponsored by our organization, reigned as Miss Catamount. With the cooperation of our sister sorority, Kappa Delta Psi, we held the annual Easter Ball, which highlighted the campus spring activities. The year was closed out with a spring picnic.

Royalty Ceremony at Sweetheart Ball

Sigma Iota Chi

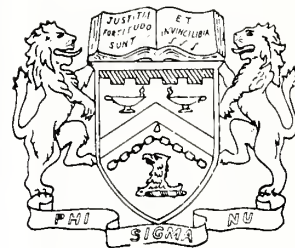

LeAnn Sindy
President

The Epsilon Chapter of Sigma Iota Chi, largest National Junior College Sorority in the United States, was established at Potomac State in 1923. The purpose of this sorority is to perfect and in our everyday lives carry out the meaning of sisterhood. To help others and try ourselves to reach the highest standards possible mentally, morally, and physically. To be forgetful of self and mindful of others.

Sigma Iota Chi began the year with a successful and entertaining hobo rush party which ultimately brought twenty-eight pledges to the sorority. Our local project was the collection of money for the Crippled Children's Orthopedic Hospital in Huntington, W. Va. For our national project we selected the construction of sorority pendants with our letters. On December 15 we celebrated our sorority's Founder Day by eating together and having a program in the cafeteria.

Miss Jeannette Shepp was the Sigma candidate for Homecoming Queen. Reigning over the Christmas Ball, sponsored jointly with Phi Sigma Nu fraternity, was Roberta Porcella. February 13 we again jointly sponsored the Sweetheart Ball at which Barbara Fougere was selected queen. LeAnn Sindy was the Sigma candidate for May Queen and serving on the court were Linda Gipe, Patsy Lipscomb, and Jeannette Shepp.

Honors bestowed upon Sigma Iota Chi members during the year include: LeAnn Sindy and Jeannette Shepp were selected as ROTC sponsors; LeAnn Sindy and Wilma Toth were cheerleaders; Karen Sue Huchette was elected president of Sigma Phi Omega; Jeannette Shepp was elected as president of the sophomore class; Ada Bowyer, president of the Players; Patsy Lipscomb, president of the Potomac State 4-H Club; Jean Scott president of the Women's Athletic Association; Sandra Staggs editor of the Catamount; and Alice Pingley won the poetry interpretation contest.

Phi Sigs Crown "Queen of Winter"

Phi Sigma Nu

Phi Sigma Nu, founded in 1922, has been an outstanding social fraternity at Potomac State College. The fraternity holds membership in the National College Panhellenic and is designated as Beta Chapter of the National Phi Sigma Nu Fraternity.

Phi Sigma Nu began a successful year with a rush party for prospective pledges at which entertainment was furnished by talented "actors" from among the activities of the fraternity.

After rush week, both pledges and actives began preparations for Homecoming at Potomac State College. The fraternity entered a float in the Homecoming parade which won a first prize.

The annual and traditional Christmas Ball was held on December 12, 1964, and was sponsored by the Phi Sigma Nu fraternity assisted by the Sigma Iota Chi sister sorority. At this distinguished social event, Roberta Porcella and Brother Donald Barker were crowned Queen and King of Winter.

At the Sigma sorority "Sweetheart Ball," on February 13, 1965, Barbara Fougere reigned as Sigma Queen, and Andrew Mance was elected "King."

Throughout the year, the fraternity held a number of informal parties, entertaining the pledges of the fraternity, the Sigma Iota Chi members and others. At the end of the year, a fraternity picnic was held, and the annual banquet honoring the sophomore members of the fraternity closed out the season's activities.

Phi Sigma Nu demands high moral standards, individual development of character, leadership and scholastic achievement of its activities and loyalty and support to the college.

Anthony Parks
President
